Located in affluent North County San Diego, our program at Cal State San Marcos is a great way to experience the California lifestyle. The famous beaches of southern California are a few minutes away and the warm summertime weather ensures lots of fun and outdoor activities. Explore the trendy Gaslamp District of San Diego and the upscale beach community of La Jolla. Sea World, the San Diego Zoo, and the unique San Diego Wild Animal Park will provide an experience you won't forget. This attractive campus has everything you need to learn English in a safe and comfortable environment. At the same time, endless opportunities for fun and recreation are just outside your door.

Opzione English and Surf

Study Tours

Surfing is the coolest sport around and there is no better place to learn than at FLS International - California University San Marcos and MiraCosta College! These modern campuses are located 30 minutes north of San Diego. They are ideally located near the beautiful Southern California coastline. Because of the beautiful climate and nearby beaches, swimming, sunbathing and surfing are very popular after-school activities. During the day you will study English and then head to the beach for 2 hours of surf class!

In our three-week program, you will learn to surf or improve your current surf skills. It is the perfect learning vacation! All of our instructors are skilled surfers with years of ocean experience and teach at a professional level. All instructors are CPR certified. In addition, the program also includes a field trip to the Surf Museum and a tour to learn how surfboards are designed and manufactured.

Surfing is one of the most exhilarating and natural experiences available. Nothing can match the rush of paddling for the perfect swell, jumping to your feet and riding a wave of pure energy. If you've never tried surfing you're going to love it!
